Dear Principals, Counselors, Teachers and Parents,

The Montgomery County Office of Human Rights (OHR) is again pleased to announce that our Human Right Camp for this fall is set for November 15-17, 2019. Our office is asking for your continued support by encouraging participation in this successful and worthwhile program.

The Montgomery County Human Rights Commission will fund this special program which includes transportation, activity materials, meals and refreshments.

Registration will be open to all fifth grade students who attend Montgomery County elementary schools. We plan this year to have at least 75 slots or more available to 5th grade students from across the county. **The deadline for registration will be Friday, November 1, 2019.**

The camp will take place at the YMCA's Camp Letts facility in Edgewater, Maryland (near Annapolis). Students will depart from the Office of Human Rights 21 Maryland Avenue by MCPS bus on Friday November 15, 2019 at 9:45a.m. and return to Office of Human Rights on Sunday November 17, 2019 at 3:30p.m. Students will be responsible for their personal toiletries, clothing and bedding.

Selections will be made from the list of students who apply however we are committed though to have the most diverse group as possible to insure the objectives of the camp are met. We will assess the candidates who apply but may ask your support in identifying other potential candidates to fill any available slots to insure diversity.

Student's selections will be based upon students who have demonstrated the following characteristics:

Students who have consistently demonstrated small and large acts of kindness and respect for alienated or neglected students and/or community members or people who may be perceived as "different";

Students whose actions or words have broken barriers between groups, increased the representation of under-represented groups in activities, healed divisiveness among groups and who otherwise acted responsibly to promote respect and bridge differences;

Students who have taken moral stances on issues that might otherwise have been neglected;

Students who have initiated or modified existing programs or projects or taken action by themselves to respond to current school and community needs.

Teachers, counselors and administrators may also recommend students who have exhibited a need for diversity, tolerance or bully aversion training.

THE APPLICATION DEADLINE IS November 1, 2019...

Please fax applications forms to:
